

Hannah's Home of South Florida provides a safe and loving Christian environment for single, pregnant young women. Through counseling, teaching life skills, and continuing education, we offer hope and transform lives.

New Life Chapel is complete

After three years of construction, our \$135,000 on-site chapel is complete. The New Life Chapel serves as a meeting place for small events, speakers, devotions and prayer. The chapel will perform an important ceremonial function as well. Each time a baby is born through Hannah's Home, the chapel bell tower will announce the good news to the community, renewing a tradition dating back to medieval England. Still to come is a brick courtyard to surround the chapel to provide a quiet setting to pray and reflect. An Easter worship service marked the soft opening of the chapel. Completing this building project was only possible in partnership with our supporters. Whether you helped us financially, through material resources or by sponsoring a brick or bench in honor of a loved one, thank you for joining our mission.

Hannah's Home to expand capacity after successful fundraiser

After raising over \$500,000 at our 10th annual fundraising gala, we are moving to expand capacity to meet the needs of pregnant young women. Tania Rogers of WPTV made a special guest appearance as hostess. Abby Brennan, former mayor of the Village of Tequesta, chaired the event which featured cocktails, dinner and auctions at the Pelican Club in Jupiter. MaryLynn Magar, former Florida state representative, and Pamela Rauch, Florida Power & Light's vice president of external affairs and economic development, served as honorary co-chairs.

71 babies born through our program

The residential program at Hannah's Home provides housing, food, clothing, education and medical care.

Aurora
Resident baby

Since our doors opened in 2011, 71 infants have found a home at Hannah's Home. With a maximum capacity of eight women and their children, we are currently serving six resident mothers, with three infants on the way. The newest additions to our program and "family" are Shakira and her daughter, Aurora.

Celebrating 10 years at Hannah's Home

We cannot thank Lindsay Bardin enough for being part of our team as a house parent for an entire decade. Lindsay studied ministry at Palm Beach Atlantic University and has served in ministry both locally and internationally. We are so grateful for the 10 years of loyalty, devotion and joy she has brought our staff, residents and volunteers. "I love what our Lord is doing in and through this ministry," Lindsay shared.

Beacon Glass Co. donates \$10,000 chapel door

Our search for a chapel door ended when Brian and Dianne Hinterberger made a memorable donation. We sincerely thank the Hinterbergers and their incredible company, Beacon Glass Co., for giving us a beautiful \$10,000 wood door for the New Life Chapel.

Their support and active participation in our mission was instrumental in our final stage of construction on the chapel. This door will welcome Hannah's Home staff, volunteers, residents and supporters for the generations to come. Beacon Glass Co. features the best hurricane impact resistant windows and doors for homes and commercial properties in Jupiter. They offer installation and service for many products from the finest companies. Beacon Glass is proud to carry CGI's impact resistant windows. Learn more at beaconglassco.com.

Staff awaits duplex cottage ground breaking

Hannah's Home turns away an average of 200 women per year due to a lack of capacity. There is a critical need to expand. Completing the chapel is part of a \$10 million capital campaign to also add four duplex cottages and a 16-bedroom, two-story dormitory. Hannah's Home was blessed with a \$100,000 donation to complete utility lines and break ground on the first duplex cottage. This independent living duplex cottage will house residents who have completed the initial two-year in-residence program. Learn more about our expansion at hannahshomesf.org/campusbuildout.

Hannah's Home adds staff

We recently tapped Vicki Bogan as resident program manager. She formerly served as a case manager and house parent. Vicki moved to Florida from New York over two years ago to work in ministry. She studied psychology and Christian counseling and feels blessed to work for our residents. Eliana Heller also joined our team as a case manager assistant. She is originally from Massachusetts and studied human services at Palm Beach State College. As a parent of one, she feels called to work with other moms to help them reach their full potential.

RENU Medical Aesthetics, One Joli Girl

RENU Medical Aesthetics hosted its third annual Fashion Night benefitting Hannah's Home. With 100 attendees, the charity event raised over \$6,000 for women under the Home's care. "It was wonderful to see the community come together to revel in the fashion and fun to support such a deserving charity, Hannah's Home," said Dr. Valerie Barrett, owner of RENU. The event featured unique pieces by local designers. Dr. Barrett says she cannot wait until next year.

Board of directors rings in the new chapel

Board members, supporters, staff and residents of Hannah's Home gathered to cut the ribbon on our new on-site chapel. "The new chapel is only a beginning, the cornerstone for a broader campus build-out," said Carol Beresford, founder of Hannah's Home. Former mayor of the Village of Tequesta, Abby Brennan, orchestrated the event. To mark the chapel opening, singer/songwriter Rachel Aldous made a special guest appearance to perform, "A Mother's Prayer (Hannah's Song)." Carol Beresford's daughter, Kimberly Kauffman, performed her song, "Thank You."

CHIEF OPERATING OFFICER'S MESSAGE

It is an honor and joy to serve the bright young mothers here at Hannah's Home of South Florida. I am happy to report all our resident mothers have been attending weekly counseling sessions thanks to granted funds from Quantum Foundation. I believe self-care is a critical step to becoming your healthiest self. I am extremely thankful our facility rests in the

Village of Tequesta, the safest municipality among cities with 5,000 or more residents in the state of Florida. We are excited to begin planning our annual gala to take place on Thursday, March 2, 2023 at the Pelican Club in Jupiter. As you all enjoy your summer ventures and activities, I pray the Lord gives you His peace, protection and many blessings.

Joanne Dively
Chief Operating Officer
